PROFESSIONAL SUMMARY

B2B Marketing Technologist spanning brand design, digital execution, and AI automation.

- **End-to-End Production:** Independently led marketing production at AVYCON — from print/catalog design and trade show collateral to UX design and web development.
- **AI Automation:** Built and shipped AI-powered internal tools using Claude API and Cursor AI, without relying on external engineering resources.
- **Cross-Border Coordination:** Managed async collaboration across U.S./Korea teams via Asana, with a strong feedforward-driven feedback practice.

CORE COMPETENCIES

AI Tool Dev & Automation	Front-End Web Dev (Velo/React)	SaaS Product Launch	UX / UI Design (Web, Mobile, Game)
Brand Identity & Visual Design	Print & Catalog Design (50+ pieces)	B2B Product & Campaign Marketing	
Trade Show & Event Production	Cross-Border Project Coordination		

PROFESSIONAL EXPERIENCE

Marketing Manager

AVYCON – B2B Security Camera Manufacturer | Irvine, CA 2021 – Present

Functioning as the team's de facto AI Marketing Specialist — building and shipping AI-powered tools alongside core marketing duties.

AI Tools & Web Development

- Built multiple AI-powered tools with Claude API, Cursor AI, and v0 — no engineering team involved.
- AI Spec Reviewer: validates product specs vs. U.S./UL standards, cutting 3-hr manual process to 15 min. (ai-spec-review.vercel.app)
- Accessory Guide Generator: auto-generates multi-language combo docs; replaces 2–3 hrs of per-project manual work. (avycon-accessory-guide.vercel.app)
- Rebuilt avycon.com: 138-page spec → Figma UX → Wix Velo CMS build (mega menu, multi-filter, 5-product comparison, 4-language).
- Launched Starllion™ Cloud VMS SaaS from zero: brand identity, 30-page Wix site, iOS/Android listings, 5 social channels — solo in 15 days.

Design & Content Production

- Sole designer for 50+ print and packaging pieces: catalogs, spec sheets, flyers, trade ads, and product packaging.
- Directed digital campaigns, social media content, and YouTube video production across all B2B marketing channels.
- Designed international trade show booths (3D renders, graphics, logistics) for ISC West, Intersec Dubai, SECON Seoul, Security Show Tokyo.

WORKFLOW & PROJECT COORDINATION

- Built Asana and Notion systems for async coordination of U.S./Korea teams and 5+ external vendors.
